## Make-It Take-Its—

Make-It Take-Its are a great way to promote the product in your booth. The consumer can “taste-test” your product line – and you will whet their appetite to purchase more! You may charge a nominal fee for Make-It Take-It’s, but if you plan to provide a FREE Make-It Take-It, we will list your name on a “FREE Make-It Take-It” list at the show.

## Manufacturer Support

Manufacturers may support retailers that are representing them in one or more of the following ways; please contact any manufacturers you plan to represent to find out what they will do to support you! **We recommend you speak to the trade show coordinator at the manufacturer’s headquarters not just your local sales representative.**

- By sending a representative and “make-it – take-its” to promote their products, so that YOU can concentrate on assisting attendees with selecting and purchasing the products.
- By sending a representative to teach classes using their products! (Class participants will make a beeline to your booth after their class!)
- By offering you product on consignment, or waiving the restocking fee so that you can comfortably order enough product to meet the demand.
- By assisting you with booth fees.
- By advertising in the convention program.
- By donating prizes and items for the goody bags.
- By donating door prizes or crop prizes.
- By sending supplies for Make-It Take-It’s.

## Payment Schedules

To remain in good standing with Scrapbooks Mega Meet, LLC dba Great Lakes Scrapbook Events, all payments must be received according to the payment schedule outlined in the contract. If payment schedules are not met, sponsorship opportunities, floor plan placement, and future contract acceptance may be forfeited. Non-payment will result in cancellation of your space, and may result in forfeiture of payments already made. Invoices will be broadcast to the email or fax specified in your contract, and while every attempt will be made to ensure that these invoices are delivered to you, your adherence to the payment schedule is expected, even if, despite our efforts the invoice does not reach you.

## Hotel Accommodations –

Please watch the website [www.megameet.com](http://www.megameet.com) for the most up to date Hotel information. We recommend that exhibitors book early to ensure space. Hotel Blocks fill quickly at preferred hotels.

## Tips for Exhibitors –

What you should bring:

- Encourage a representative from each of the manufacturers you are working with to attend and assist you with “Make It-Take It’s” at your booth and to instruct classes.
- At least twice as many business cards as you think you’ll need!
- A flyer or sample newsletter to promote your store location and the products you carry on a regular basis.
- Plenty of Change - many exhibitors ran out of coin and singles several times during past shows.
- Plenty of Product - many exhibitors have had to have additional product overnighted to their booths at our shows!

- Plenty of supplies for any “Make It-Take It’s” at your booth - be assured that you will have a steady stream of guests at your make-it-take-it table.
- Dolly for moving in heavy product. (Product may only be moved in and out through the BACK doors and only when the show floor is CLOSED.)
- Cash register. You should have at least one cash register per one or two booth spaces rented.
- Plan how you will handle credit cards.
- The show floor hall will be locked when exhibits are closed, however, we still recommend that you plan to cover/secure merchandise in the evenings.
- Provide coupons for class participants in classes that will showcase the product you are selling.
- Offer “Show Specials” on a few select products in your booth to increase traffic.
